

Rolled Erosion Control Products Reference Guide

Composition	American Excelsior	East Coast Erosion	Erosion Tech	North American Green	Western Excelsior
Short Term Erosion Control Blankets up to 12 months					
Curlex® excelsior fibers, no netting Functional longevity up to 3 months	Curlex® NetFree™	-	-	-	-
100% straw fibers, 1 degradable net Functional longevity up to 12 months	AEC Premier Straw® Single Net	ECS-1™	ETRS-1	EroNet™ S75®	Excel SR-1™
100% straw fibers, 1 biodegradable net Functional longevity up to 12 months	AEC Premier Straw® Single Net FibreNet™	ECS-1B™	ETRS-1-BN	BioNet® S75BN™	Excel SR-1 All Natural™
100% straw fibers, 2 degradable nets Functional longevity up to 12 months	AEC Premier Straw® Double Net	ECS-2®	ETRS-2	EroNet™ S150® EroNet™ DS150™	Excel SS-2™
100% straw fibers, 2 biodegradable nets Functional longevity up to 12 months	AEC Premier Straw® Double Net FibreNet™	ECS-2B™	ETRS-2-BN	BioNet® S150BN™	Excel SS-2 All Natural™
Extended Term Erosion Control Blankets 15 - 24 months					
Excelsior wood fibers, 1 degradable net Functional longevity up to 15 months	Curlex® I CL	ECX-1™	ETX-1	-	Excel R-1™
Excelsior wood fibers, 1 degradable net Functional longevity up to 18 months	Curlex® I	ECX-1™	ETX-1	-	Excel R-1™
Excelsior wood fibers, 1 biodegradable net Functional longevity up to 18 months	Curlex® I FibreNet™	ECX-1B™	ETX-1-BN	-	-
Excelsior wood fibers, 2 degradable nets Functional longevity up to 18 months	Curlex® II CL	ECX-2™	ETX-2	-	-
Excelsior wood fibers, 2 degradable nets Functional longevity up to 24 months	Curlex® II	ECX-2™	ETX-2	-	-
Excelsior wood fibers, 2 biodegradable nets Functional longevity up to 24 months	Curlex® II FibreNet™	ECX-2B™	ETX-2-BN	-	-
70% straw fibers, 30% coconut fiber, 2 degradable nets Functional longevity up to 24 months	AEC Premier Straw/Coconut™	ECSC-2™	ETSC-7030	EroNet™ SC150®	Excel CS-3™
70% straw fibers, 30% coconut fiber, 2 degradable nets Functional longevity up to 24 months	AEC Premier Straw/Coconut™ FibreNet™	ECSC-2B™	ETSC-7030-BN	BioNet® SC150BN™	Excel CS-3 All Natural™
Long Term Erosion Control Blankets 30- 36 months					
100% coconut fibers, 2 degradable nets Functional longevity up to 36 months	AEC Premier Coconut™	ECC-2™	ETC-100	EroNet™ C125®	Excel CC-4™
100% coconut fibers, 2 biodegradable nets Functional longevity up to 36 months	AEC Premier Coconut™ FibreNet™	ECC-2B™	ETC-100-BN	BioNet® C125BN™	Excel CC-4 All Natural™

This chart is a comparative tool intended to show a correlation between similar products from different manufacturers. Products in this chart are not considered exact equivalents; physical and index properties will vary per product. Always consult product data sheets for specific product data prior to specifying or using products. If a functional equivalent is not listed for a manufacturer, the manufacturer was not producing an erosion blanket of similar composition at time of publication; functional equivalents may exist that differ in composition.

Turf Reinforcement Mats Reference Guide

Permanent Turf Reinforcement Mats					
Composition	American Excelsior	East Coast Erosion	Erosion Tech	North American Green	Western Excelsior
100% synthetic fibers, 2 nets	Recyclex® TRM-V	ECP-2 10oz™	ETPP-10	EroNet™ P300®, VMax® P550®	PP5-8™, PP5-10™
100% synthetic fibers, 2 nets	Recyclex® TRM	ECP-2™ 12oz	ETPP-12	EroNet™ P300®, VMax® P550®	PP5-10™, PP5-12™
100% synthetic fibers, 3 nets	TriNet™ Recyclex®	ECP-3™	ETTT-PP	VMax® P550®	-
Curlex® excelsior fibers, 3 nets	TriNet™ Curlex®	-	-	-	-
70% straw fiber, 30% coconut fiber, 3 nets	TriNet™ Straw/Coconut	ECSC-3™	ETTT-SC	VMax® SC250®	-
100% Coconut fiber, 3 nets	TriNet™ Coconut	ECC-3™	ETTT-C	VMax® C350®	-
